

### **Acceptable Use Agreement (AUA)**

These are the things we do to keep everyone safe using technology at School:

- ✓ Get an adult's permission to use technology
- ✓ Only use activities, media and websites adults say are allowed
- ✓ Look after technology
- ✓ Keep passwords safe
- ✓ Use kind words
- ✓ Keep private information private
- ✓ Ask an adult for help if something is upsetting or goes wrong

Adults help us to stay safe by:

- ✓ Checking what we are doing
- ✓ Telling us what activities and websites are safe
- ✓ Helping when they need to
- ✓ Stopping what we are doing if it is not safe

An adult has read this with me to help me understand how to stay safe online. I will follow the rules and what is written here.
