**Fabulous Facts!**

**AUTUMN**

Everyone has heard so much about Santa and his famous Reindeer. But how much do you really know about his team of trusty steeds?

As you may remember from the song, Rudolph has always had his very shiny nose. In fact, at the start the other reindeer even used to tease him for it.

On a particularly foggy Christmas Eve, the glow from Rudolph's nose was able to light the way for Santa's sleigh.

After this, the other reindeer were gleeful and they are now best of friends with Rudolph!

Rudolph's nose glows every day!

## Autumn Term 2018

Our aim is to offer support to families, professionals and all involved in the care and education of children and young people in the South west.

Lap Pads apply calming deep pressure to the lap and upper legs whilst the user is sitting down making them ideal for use in the classroom, at reading time, at the table, in the car etc. The weight has a calming effect helping attention span and reducing excessive fidgeting.

Available in 2 weights – 1kg for children, 2kg for older children and adults.

**We also have a selection of**

- Wobble Cushions
- Body Socks
- Resistance Loop
- Weighted Lap Animals
- Tactile Weighted Bags
- Deep Pressure Vests
- Vibrating Cushions
- Ear Defenders

Some children and adults with Sensory Processing Disorder (SPD) are Sensory seeking and it has been found that weight and deep pressure can be beneficial to Sensory Seekers.

Everyone is different and what works for one person may not be suitable for someone else.

**We also offer a try before you buy on selected Weighted Jackets, Shoulder Wraps and a Weighted Cap. These items can be purchased from 'Sensory Direct'**
